Innovative Skin Care Treatments

Julie S. Goldberg, M.D.
Board Certified Dermatologist

Dermedica's preventative and restorative treatments are administered by medical/licensed professionals
therefore we have a policy of NO TIPPING.

Our Dermatology Center *maximizes your results* with chemical-free compounds and clinically-tested, medical strength formulations!

Signature Treatments

Ultimate Exfoliation 50 minutes

This unique double exfoliating treatment removes dead epithelial cells and helps to soften the appearance of superficial wrinkles while it evens out skin tone and texture. After cleansing the skin, Microdermabrasion is performed followed by the application of a Glycolic Peel. Then a luxurious moisturizer is applied leaving your skin feeling smooth and supple. *Ideal for most skin types, except sensitive skin.*

Glycolic Glow Peel 30 minutes

Medical strength glycolic acid is used to exfoliate off dead epithelial cells which helps soften the appearance of superficial wrinkles and evens out skin tone and texture. *Ideal for all skin types except the most sensitive.*

Glyco-Brite Peel 30 minutes

Combines medical strength glycolic acid with hydroquinone to lighten unwanted skin pigmentation as it helps soften superficial wrinkles and even out texture. *Ideal for all skin types except the most sensitive.*

Clarifying Peel 30 minutes

This salicylic acid peel will remove dead surface cells, help balance out the oil production of the skin and reduce pigment irregularities. This peel will aid in improving the texture, tone and color of the skin. *Ideal for acne prone and sun damaged skin.*

Microdermabrasion

Microdermabrasion is for men and women who wish to diminish the look of dull, devitalized skin, reduce the appearance of superficial fine lines and age spots, and to improve acne.

Treatments are performed on face, chest and hands.

Microdermabrasion 30 minutes

Hands or Chest \$25 additional

Our powerful, medical strength microdermabrasion treatment involves the use of sodium bicarbonate crystals sprayed and suctioned off the skin to remove the most superficial layers, resulting in refreshed and invigorated skin. Weekly treatments are recommended for optimal results. *Ideal for all skin types, except the most sensitive skin and severe acne.*

Deluxe Microdermabrasion 50 minutes

The ultimate in pampering exfoliation! Treatment includes medical strength microdermabrasion followed by the application of organic fruits and herbs to remove impurities and achieve deep exfoliation. You'll then receive a customized mask and nourishing moisturizer. This treatment also includes a relaxing herbal hand treatment. *Ideal for all skin types except the most sensitive skin and severe acne.*

Call (847) 205-0007 to schedule appointments

As a courtesy to other patients and our staff, please give 48 hours notice if you must change or cancel an appointment.

Specialty Treatments

Organic Facial 50 minutes

This facial exclusively uses organic products. Beginning with an aromatic gentle cleansing and exfoliation to remove away surface dryness with rosehip and maize. Then a luxurious customized masque is applied followed by a relaxing facial and décolleté massage, and then a nourishing organic moisturizer. *Ideal for all skin types.*

Acne and Milia Extraction 30 minutes

This deep pore cleansing treatment focuses on removing clogged pores and impurities from the skin to minimize breakouts. Steam and a botanical exfoliating scrub are used to assist in the removal of whiteheads, blackheads and inflammatory acne. *Ideal for all skin types.*

Teen Facial 30 minutes

This treatment includes deep pore cleansing and an herbal mask customized to your skin type which helps to balance oil production. An organic moisturizer is then applied to soothe, nourish and revitalize the skin. *Ideal for all skin types, especially teens with acne.*

Revitalizing Treatment for Sensitive Skin

A soothing treatment that incorporates rosehip and maize to gently exfoliate away surface dryness, followed by a customized mask to meet your skin needs and then a tantalizing rose moisturizing cream is applied. *Ideal for all skin types, especially rosacea.*

Waxing MENU

Dermedica aestheticians are skilled waxing technicians. Their expertise in the art of removing unwanted hair quickly and effortlessly is unrivaled. Because treatments here are by licensed, medical professionals, **there is NO TIPPING at Dermedica!**

Important: refrain from using Retinol or glycolic/alpha hydroxy products for 48 hours prior to waxing. Please wait 6 months after completing Accutane treatment before having a waxing service.
